Report on Yoga (2021-2022)

A few minutes of Yoga during the day can be a great way to get rid of stress that accumulates daily, in both, body and the mind. Yoga postures, Pranayama, and meditation are effective techniques to release stress.

Meditation is relaxation and rejuvenates the body and mind. With this aim in mind, a Webinar on "Yoga for Respiratory Health and Immunity" was organised on the 21st June, 2021, for the staff and students through a virtual platform. The trained Isha yoga instructor took yoga session with great dedication. The teachers and students were participated with full interest, enthusiasm and eagerness.

The session began with exercises for relieving stress; reducing joint pain and enhancing the flexibility of the back were also done for the benefit of the teachers and students. The Principal motivated the staff and conveyed the importance of making yoga an integral part of our daily life by extending the practice of yoga beyond the mat. The session concluded with an interactive session between the instructor and the participants in which the queries of the teachers were addressed satisfactorily. The session was very refreshing, reviving and relaxing.
